Subject: RoHS 2 2011/65/EU Compliance Declaration

To Whom It May Concern:

This is in response to your request for information regarding RoHS 2 compliance and the content of certain components encompassed within our products.

We are pleased to inform you that the products currently produced and marketed under the "Tecumseh Brand" comply with the European directive 2011/65/EU on the restriction of the use of certain hazardous substances (RoHS 2).

Therefore, components produced and/or marketed by Tecumseh, for which you have requested information, do not contain lead, cadmium, hexavalent chromium, mercury, polychlorinated biphenyl (PBB) and polychlorinated diphenyl (PBDE) above the specified limits as set forth in said directive. This covers compressors, condensing units, complete refrigeration systems and the external components of these products.

We have based this declaration on our review of the above-mentioned directive and diligence we have conducted with respect to our supply chain.

This information is also posted on our website for your use.

Sincerely,

Ryan Burns
Vice President, Global Engineering

Keith Dietle
Director, Global Procurement and Supply Chain Management
