PAGE: 1 of 1

REV DATE: 1/15/2007

Issued: November, 26 1963

In order to provide emphasis for Tecumseh Compressor Company official policy and procedures, this special bulletin form has been prepared.

Information appearing directly on this form as well as information for which this form may act as a letter of transmittal is to be considered a corporate mandate and not subject to regional interpretation or rewriting.

Items covered by the Policy Bulletin may from time to time affect Tecumseh General Warranty provisions or become part of a specific warranty condition.

All Tecumseh Compressor Company field offices will keep a complete concurrent record of these Policy Bulletins and sufficient supplies of each in order to provide Tecumseh customers with the most recent and accurate policy information where applicable.

The Policy Bulletin numbering system will begin with number 101 used hereon and increase in numerical ascension.
