

# INTRODUCING TecTools

TecTools is our bundle of comprehensive customer tools packed in one easy to use app. TecTools makes it easy for you to find the right product in your region with just a few clicks.

From our spare parts finder and product selector, to our cross-reference tool and box load calculator, we have the tools that will make it easier than ever to quickly find what you need.

- Compressor Cross Reference** – Quickly find current Tecumseh products to replace competitor models as well as obsolete Tecumseh models.
- Wholesale Locator** – Locate authorized Tecumseh wholesalers near you!
- Product Selector** – Find Tecumseh products that match your exact specifications. Currently only available for compressors and condensing units.
- Refrigerated Box Load Calculator** – Quickly determine the cooling capacity needed for chiller and freezer applications, taking out the guesswork when finding the perfect solution for your application.
